**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am saying no, to more price hikes that increases the cost of internet services. Broadband is a key communication device at home and work. I currently have fiber, but was previously connected to DSL. The cost of the internet, already puts low, and medium income households, at risk of losing they're internet services. More price hikes, will only enhance that risk.
